

**SAN JOSÉ STATE
UNIVERSITY**

HOSTING IPPW-10, 2013

by

San Jose State University
Aerospace Engineering Program

Dr. Papadopoulos

&

NASA Ames Research Center
Office of the Chief Technologist (OCT)

OUTLINE

- Location
- Most recently hosted events
- NASA-ARC Commitment and support by the Office of the Chief Technologist (OCT)
- Facilities available
- Local Accommodations
 - Hotels, Museums & Restaurants

LOCATION

- San Jose State University is located in Downtown San Jose
- Located in the Heart of Silicon Valley
- Near NASA AMES Research Center http://www.sjsu.edu/about_sjsu/
- Near Aerospace companies
 - Lockheed Martin
 - Space Systems Loral
 - Boeing
 - Northrop Grumman

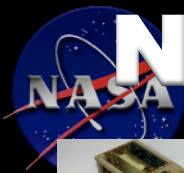

Most Recently Hosted Events By The SJSU Aerospace Engineering Program

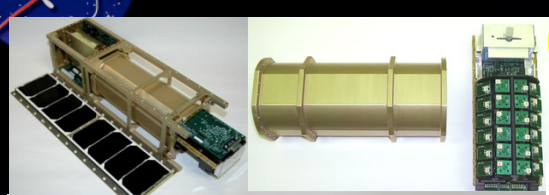

- Events
 - Thermo-Fluids Analysis Workshop (TFAWS): 200 industry, academia, government participants and 40 students <http://tfaws.nasa.gov/>
 - Plug-n-Play Mission Operation (PPMO): 30 speakers, over 50 industry, academia and Government participants and 20 students <http://ppmo.arc.nasa.gov>
 - Space Exploration Workshop: 24 speakers, 50 student participants <http://www.spartanaerospace.com>
- Partners
 - Academia
 - Government
 - Industry

Contribution of Ames Research Center as co-host of IPPW-10

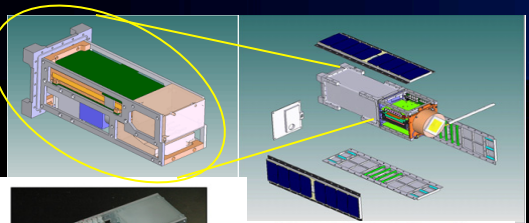

- Supported by the Office of the Chief Technologist
 - http://www.nasa.gov/offices/oct/about_us/bios/oct_cc_hines_bio.html
- Provide exhibits
- Arrange tours of areas at Ames, such as Arc Jets, small sat activities, Sustainability Base
- Help with technical organization and content
- Help develop short course on sample return and/or Scientific Instrument Needs for Small Missions.
- Host a session on Scientific Instrument Needs for Small Missions
 - ARC is at the forefront of small satellite missions and thermal protection systems
- Provide plenary or keynote speaker – Pete Worden or Michael Bicay

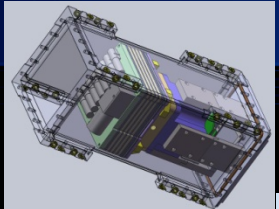

NASA-Ames SmallSat Projects

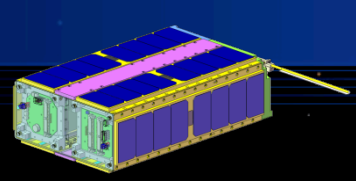

GeneSat-1

PharmaSat-1

Woven TPS

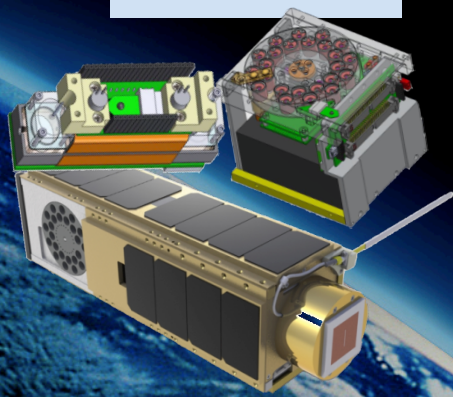

MiiST

SPHERES

Nanosail-D

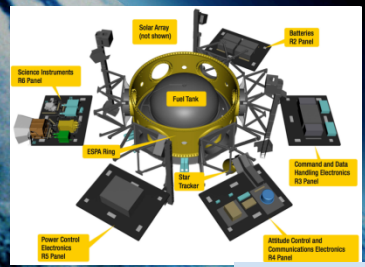

O/OREOS

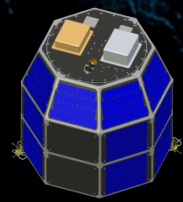

EtherSat

Planetary Hitch Hiker

LCROSS

LADEE

MEETING ROOMS

- San Jose State University has many options for presentation and poster rooms
 - Ron Barrett Ballroom: consist of two parts
 - Loma Prieta: Capacity 588 people, \$410 per day (Dept. rate)
 - Umunhum: Capacity 196 People, \$230 per day (Dept. rate)
 - The Charles W. Davidson Department of Engineering has several locations for poster display and parallel sessions presentations
 - Entrance of the Engineering building has space for poster displays
 - Engineering Room 189 has room for 150+ people for presentations
 - Room 285/287 can be used for presentations or poster display

Typical Presentation Room

Engr. Room 189

Candidate Poster Presentation Space
